

# Get your free “Fiscal Physical” today to see if you’re paying too much for your credit card processing

## Save money and get a free terminal from MRA’s preferred processing partner!

Just as you wouldn’t advise anyone other than a trained professional to perform a medical exam, put your credit card processing in the hands of real experts too! Let our experts review a recent processing statement - there is no obligation and the analysis is free. You will also receive a **free terminal valued at \$400** when you enroll!\* Take the pulse of your credit card processing and it could reveal you’re paying too much for this necessary business service.

**Call or email  
for your free,  
no-obligation  
savings analysis.**

**(866) 350-2652**

\*Terms and Conditions apply.  
Please call for details.

# About RCSC's credit card processing program

## Low-cost credit card processing

As a member of the Maryland Retailers Association you have access to a low-cost Credit Card Processing Program through RCSC and Global Payments Direct, Inc. A major force in the processing market, RCSC's program handles an annual transaction volume of more than \$300 million. They have the negotiating power to get the very best value for your business.

**Some processors advertise low discount rates or transaction fees, but hit you with charges or burdensome terms you didn't anticipate.** It's these surprises that make what appears to be a great processing deal not so great after all.

*RCSC is a member of the Electronic Transactions Association.*

## Dedicated to helping you save

RCSC's in-house specialists analyze processing statements daily and know the games other processors can play to squeeze you for extra revenue. Let our experts analyze your recent statements – there is no obligation and the analysis is FREE! **You can count on RCSC's integrity.** If you have a better deal with your current processor, they'll tell you!

## The Watchdog looks out for you!

RCSC reviews customers' statements periodically in a search for errors or unknown charges that can really add up. It's RCSC's *Watchdog Service*, and our experts know what to look for and how to save you even more. RCSC helps you avoid accidental overcharges or surcharges that could be eliminated with updated equipment, brief training or another solution.

I'd like to learn more about RCSC's program and take advantage of the Sign-Up Bonus!
